

ART IN ACTION!

The children in Year 5 have been learning all about Van Gogh as their focus artist! They have learned the impasto technique and enjoyed painting their own interpreted version of 'The Sunflowers'

ART IN ACTION!

During their focus on Van Gogh, Year 5 have been using lino sheets to draw, cut and print with in order to print the background of Starry Night. They then used their painting skills to follow a step by step way to creating their own version of Starry Night.

Using lino printing required them to be very safe and careful as it includes using sharp cutters.

They worked so well and enjoyed every moment! Their work was beautiful.
