

World War 2 – Year 6 – Spring 2022

The children in Year 6 have been learning about World War 2 in History. To celebrate what they have learned the children had a World War 2 Day, where they dressed as evacuees and completed a range of activities. The children made a model of an Anderson Shelter, using a range of materials, including mini Shredded Wheats for sandbags. They also made a name and address label that evacuees would have worn. They learned more about rationing and tasted foods that would have been eaten in that time. The food included Spam sandwiches, grated carrot and chutney sandwiches and for dessert grated apple with condensed milk. Not all the children enjoyed this wartime food.
