

GROOVY GREEKS!

The children in Year 4 held a special Groovy Greek Day to celebrate their history topic all about the Ancient Greeks. The children came to school dressed as Ancient Greek characters including soldiers and as ordinary Greek citizens. The children began their day by learning about the Greek alphabet and considering how it differs from our alphabet. They created their own name plaques using Ancient Greek letters and symbols. The children then made beautiful green and gold olive wreath crowns, which they proudly wore all day. The children learned about Greek pottery and the images that are traditionally found on pots. The children then designed and coloured in their own vases. The highlight of the day was tasting Greek food that they would have had in Ancient Greek times. The food included grapes, olives and feta cheese. The children enjoyed their day and it was a lovely way to end the topic.
