

Ancient Egypt Day – Year 3 – Summer 2022

The Year 3 children, in their history lessons, have been learning all about Ancient Egypt and to celebrate their learning, they held a special Egyptian Day. The children came to school dressed as Ancient Egyptians. During their special day, the children learned about Ancient Egyptian clothing and designed and made an ornamental collar. They learned about the process of mummification and played a game where they wrapped a partner in linen, in the style of the Egyptians. They found out who Howard Carter was and how he discovered the tomb of Tutankhamen. They tasted Egyptian flatbreads and learned about hieroglyphics and practised writing using them.
