

YEAR 3 – THE ANCIENT EGYPTIANS – MAY 2023

The children in their History lessons have been learning about the Ancient Egyptians and to celebrate the end of a successful unit of work the children took part in a special day of activities. The children were invited to come to school dressed as an Ancient Egyptian and many of the children did this. The children took part in a range of fun and interesting activities throughout the day. They had the opportunity to make some Egyptian style flat bread. This had strong links to maths as the children had to measure and weigh out the ingredients. The children designed and made their own Egyptian headdresses and wrote using hieroglyphics. The children worked together to wrap a mummy using toilet paper. They also completed a 'Crack the Code' activity where they had to follow a map to find Egyptian letters to spell out a secret word (which was Tutankhamen). The children also completed a Magical Maths activity about pyramids. The day ended with the children tasting some Egyptian food. Everyone had a very enjoyable day.
