

## Health Fortnight at GPS!

In June, we celebrated our annual Health Fortnight and all children across school were part of a fantastic range of sporting activities. We always aim to be very active and healthy at Grangetown Primary School, but in Health Fortnight it becomes the main focus! We had some wonderful sessions organised for the children, some were based in school and some were based out of school, but all sessions gave the children an opportunity to try a variety of fun and engaging activities. Some of these activities included tri-golf, trampolining, snow tubing, various football tournaments, handball, dance, archery, assault courses and not forgetting our traditional Sports Days. As well as getting fit and healthy, the children had the chance to demonstrate leadership, teamwork and effective communication skills.
