

Year 1 explore Christian objects

When starting our Christianity unit, we explored a range of Christian objects in the classroom. We thought about what each object/symbol was, had we seen any of them before? Where might we see these symbols? What do they represent?

'The cross has a man on it. His name is Jesus and when he was born it was Christmas and when he died it was Easter'

Some of us had seen a cross in a Church when we had been to a wedding, or at Rainbow group. When asked who the person on the cross was, some of the children knew his name was Jesus and that he died on a cross at Easter. We introduced the word 'Christian' and discussed where Christians may go to pray and worship.
