

Year 2 look for signs of Spring

When exploring 'What does new life mean?' linked to Easter, Year 2 went out into our outdoor area and looked for signs of new life, linked to Spring. They found buds growing on trees, flowers beginning to grow, and new leaves appearing on trees. They then linked this to Holy Week and the idea of Jesus beginning a new life when he was resurrected.

Did you know.....
An egg is a symbol for 'new life'
and that's why we give eggs at
Easter?
