

# Year 2 learn about Holy Week

Year 2 really enjoyed learning all about Holy Week. To begin with, they talked about the story of Holy Week and were able to order the events. They then discussed and explored how Jesus' and his followers emotions changed throughout Holy Week linked to the events that happened. Linked to the resurrection, they explored new life, what it means and where we can find new life growing in our outdoor area. They found lots of lovely flowers growing and buds on trees.
